

Christofferson Directs Activities of Civitans

Kenneth Christofferson will lead Torrance Civitans during the year 1962-63 as a result of their annual elections held last week. Backing Christofferson up will be Ted Walker, president-elect; Philip Lisman, treasurer; Dick Cicciotti, secretary; and directors Ray Barton, Bills Hayes, Dr. Albert Kline, and Dr. Aaron Rauch. Installation of the new officers and directors will be held June 20.

Local Civitans will again participate in Ranchero Days, and will also have their fireworks booth. Their annual pancake breakfast is also on the schedule of fund-raising events. Funds derived from these various projects help the local Civitans to continue with their local charitable programs.

Expert on Space Age Due Here

The childhood of man is ending, and we are now living the most exciting and revolutionary period of all man's history. This is the firm opinion of Robert T. Edgar, nationally known platform interpreter of the Space Age, who will present his illustrated lecture demonstration of man's greatest adventure, the "Conquest of Space," before the South Bay Lecture Forum at the Church of Religious Science, 907 Knob Hill Ave., Redondo Beach, on Friday, May 4, at 8 p.m.

With the launching of the first Sputnik satellite the wave of the future rolled over us, and the Age of Space began, says Edgar. We stand now upon the threshold of the 21st Century, the age of scientific man, which means unlimited opportunities for an entirely new way of life for all mankind.

EDGAR IS AN established star in the field of popular science interpretation, and was one of the first to publicly present the concepts of ICBM's space satellites and manned flight to the moon, to the general public. His work is a link between the scientist in the laboratory and the man on the street.

His father, the late Mr. Robert Edgar, invented several important parts of the mounting of the great 200-inch Hale telescope on Mt. Palomar. This provided his son with a unique background of first-hand information, and entry into scientific laboratories, which forms the basis of solid fact in his lectures.

El Camino to Introduce Nurses Training Program This Autumn

Provisional acceptance of the El Camino Nursing Program by the California State Board of Nursing was formally announced this week by Mrs. Cynthia Barnes, R.N., coordinator of nursing at El Camino.

Making the announcement at a luncheon at which administrators and directors of the hospitals serving the El Camino district were guests, Mrs. Barnes praised the hospital staffs which have been so vital in cooperating with the program.

Representatives included James Heidenreich, administrator, and Miss Lillie Smith, R.N., director of nursing of Centinela Valley Community Hospital; Leonard Ensminger, administrator, and Miss Yvonne Reintsma, R.N., associate director of nursing, of Torrance Memorial Hospital; Mrs. Blanche Sviak, director of nursing at Little Company of Mary Hospital in Torrance, and Mrs. Bernadine Clark, R.N., director of nursing at Los Angeles County Harbor General Hospital.

EMPHASIZING the high caliber of student applicants thus far, Mrs. Barnes said that of over 500 applicants, 60 per cent have completed some college work and 50 per cent are working in a field related to nursing.

"Only a part of the applicants can be accepted because of obvious reasons of limitation, but never before have I been so impressed with the sincerity of applicants. We have a very dedicated group attempting to enter the program," Peter Mel, El Camino College counselor for prospective nursing students, observed.

EXTENDING greetings to the visitors for the college were Dr. Stuart E. Marsee, president, and Dr. William H. Harless, director of instruction.

Also introduced by Mrs. Barnes were John Morrow, assistant director of instruction for natural sciences; Mel; Polly Butts, R.N., school nurse; and Margo Brandt, R.N., who will join the El Camino staff as an instructor in nursing this fall.

Scenes From 'Anatol' On Schedule Saturday

Three scenes from "Anatol" by Arthur Schnitzler will be presented Saturday at 8 p.m. in the home of Judge and Mrs. John Shidler (actress Rosemary DeCamp), Hollywood Riviera. This will be the third concert in a series sponsored by the 46th Assembly District Democratic Council.

Each scene will depict a romantic episode in the life of Anatol, a Viennese man-about-town during the period when Vienna was the gayest capital in Europe. Members of the cast are all well known in local little theater circles.

THE ROLE of Anatol will be taken by Ed Gangel, Manhattan Beach. Rae Wyman, San Pedro, will play opposite him in a serious vignette entitled "Milestones." The two comic episodes will feature Norma Carnahan, San Pedro, in "The Farewell Supper," and Shirley Sawers, Hollywood Riviera, in "Questioning Fate."

During the latter scene, Miss

SoPac Plans \$69 Million Expansion

Southern Pacific has announced it will acquire this year, 3,000 new freight cars, plus other railroad and highway rolling equipment, costing \$69 million—a 35 per cent increase over large expenditures last year.

"This increase in equipment purchases, up from \$51 million, is to further intensify our efforts to give shippers specialized and greater capacity cars for the most efficient handling of their products," D. J. Russell, SP president, declared.

"We are buying cars," he said, "that can be loaded and unloaded more quickly and which are capable of carrying heavier loads, helping us to hold down rates, and in some cases, provide rate reductions."

More than half of the new cars, SP said, will be 1958 wide-door and double-door box cars, many with hydraulic underframes and various built-in load divider and load bracing devices to give added protection to shipments.
